**Jeff Bezos January 12 1964 Albuquerque, NM**

### Rising Sign is in 29 Degrees Aries

You are a free spirit and you must be first at everything you do. Very energetic, self-assertive and active, things must be done your way. Even though you may feel calm and serene on the inside, you certainly do not act that way. You want to do everything full-tilt, 100 miles per hour! A great competitor, but a poor cooperater -- you must learn how to lose more gracefully. Very self-confident, ambitious and passionate, you radiate positive energy. You are blunt and direct, but at times unfeeling and tactless, especially if anyone offers you any resistance. You fight for your beliefs, but your tendency to act first and think later often causes you much grief.

### Sun is in 21 Degrees Capricorn.

Extremely serious and mature, you are capable of accepting responsibilities and do so willingly. Others expect you to be dutiful as a matter of course. You tend to get angry when people get rewards after not having worked anywhere near as hard as you. You are goal-oriented and an achiever by nature -- you're a hard worker and are justifiably proud of the tangible results of your efforts. You tend to have "tunnel-vision" -- this allows you to block out extraneous matters that might distract others and to concentrate totally on the matter at hand. As such, you are the ideal one to manage or administrate any ongoing project and to be practical and efficient at it. You are not a fast worker, but you are quite thorough. You are known for being totally persistent, tenacious and tireless in reaching your goals.

### Moon is in 28 Degrees Sagittarius.

An idealist, you prefer the grand, the beautiful, the good and the noble. You get very disappointed when your high expectations in life are not met. Very curious by nature, you enjoy traveling and learning about other peoples and cultures. Try to avoid your tendency to ignore the small but important details of living. You are independent and free, and you want others to be that way, too. Optimistic, buoyant and cheerful, others like to have you around. You have an incessant desire to learn as much as possible about metaphysics, religion, philosophy and any other broad, deep subject. Your life tends to be punctuated by bursts of energy and frenetic activity.

### Mercury is in 05 Degrees Capricorn.

You are a careful thinker, very cautious and conservative. You are quite skillful at organizing, direct-

ing and planning activities. Practical and useful things interest you -- you are not attracted to abstract thoughts or ideas. With your tendency to be highly focused and very goal-oriented, you have a good head for business. But beware of a tendency to be narrow-minded and dogmatic. Your sense of humor tends toward being earthy and slapstick crude.

**Venus is in 24 Degrees Aquarius.**

You are a friendly and outgoing individual, but close relationships are difficult for you to maintain due to your fear that they will cause you to lose your freedom. You attract friends and associates who are exciting, different and sometimes a bit odd. You are popular with others and enjoy working within a group toward group goals.

**Mars is in 29 Degrees Capricorn.**

Extremely ambitious, you are willing to work very hard to reach the goals you have set for yourself. Very practical, cautious and conservative, you demand tangible results for your efforts. You need to excel in whatever you do, and you have the required sense of responsibility, dedication and self-discipline to bring it about. Beware of your tendency to judge others only by their degree of status and prestige, or by how well they will be able to advance you in your climb to the top.

**Jupiter is in 11 Degrees Aries.**

The way that you grow and develop is by being an uncompromising individualist. You have a great need to be yourself and to explore your latent talents and abilities. Do not be afraid to let yourself go and develop self-confidence and pride in your accomplishments. But try not to become so self-centered that you ignore the needs of others. Also, you may have to build up your self-discipline in order to focus your energies properly.

**Saturn is in 21 Degrees Aquarius.**

Your personal sense of values is a reflection of the value structures of your peer group and of those you respect and admire. Try to be more critical in your acceptance of these values -- you tend to pre-judge the abilities of those you trust and then follow what they say blindly. Basically very conservative, you prefer orderly, systematic changes and fear doing things rashly or impulsively. Ideas and philosophies must have some sort of immediately realizable, utilitarian function in order for you to pay any attention to them.

**Uranus is in 09 Degrees Virgo.**

You, and all your peers, will be known for the degree of intensity with which you dislike normal everyday routines and chores. You will go out of your way to invent innovative, unique and timesaving ways to perform the various mundane routines and duties of living. You will be attracted to all manner of practical and useful gadgets -- anything that will make your daily life more exciting.

**Neptune is in 17 Degrees Scorpio.**

You, and your entire generation, are extremely interested in anything deep and mysterious. You will explore and idealize the benefits that can accrue from the study of the occult, healing and psychology. You are willing to experiment with substances like drugs in order to push your understanding of your inner being to the extreme.

**Pluto is in 14 Degrees Virgo.**

For your entire generation, this will be a time when profound changes in society's attitude toward work, duty and responsibility will be initiated. Radical changes in attitudes toward personal health and general nutrition will be promulgated and gain wide acceptance and practice.

**N. Node is in 11 Degrees Cancer.**

You genuinely enjoy meeting other people, but you're at your best if you can do so from the comfort of your own home. You prefer others to come to you and tend to feel uncomfortable about leaving your home or neighborhood for any extended period of time. Those who do come in contact with you are struck by your caring and obliging nature -- you really make them feel at home. You form the closest ties, however, with members of your immediate family, especially your parents and children. You're at your best attending or organizing family reunions!
