Rising Sign is in 12 Degrees Virgo

You tend to be very shy and not very self-assertive. You are supercritical about how you appear to others. Even though you may think you are uninteresting and dull, you are actually quite soft-spoken, orderly, neat and very likable. You are a perfectionist with high standards, and at times you can be quite tactless in pointing out the faults of others. Very practical, efficient and purposeful, your appearance and bearing reflect your need to appear graceful, sensible and reserved. You have a crisp, no-nonsense approach to dealing with others. Never lazy or self-indulgent, you tend to be dedicated to the work ethic.

Sun is in 06 Degrees Gemini.

You have a quick, bright and agile mind, but an extremely short attention span. You love the external, kaleidoscopic aspects of life, but you tend to avoid (and even fear) deep, close emotional involvements. As such, you seem to enjoy travel and sightseeing and generally being "on-the-go." You get quite listless when things around you become static and dull, but your excitement returns whenever you are stimulated by a new idea. Chatty, inquisitive and quite playful, you enjoy practical jokes and games in general. Your moods change quickly and often -- you are very restless and constantly in motion. You are known for your versatility and adaptability. Your vivaciousness enlivens any social gathering.

Moon is in 17 Degrees Taurus.

Warmth, comfort, security and familiar surroundings are necessary for you to feel at ease. Very loving and affectionate, you prefer a steady, patterned way of life. Patient, calm and steadfast, you are not easily upset. Others look to you for support. You tend to be a slow starter and a slow mover -- others may try to rush you, but they will never succeed. Emotionally, you are quite stubborn -- your attitudes about people and things were firmly set in your youth and will change very little as an adult. You are also very cautious and conservative about spending money. It is not that you are selfish, you just need to feel secure. Beware of a tendency to become overly complacent and too self-satisfied.

Mercury is in 27 Degrees Gemini.

Your mind is active, quick and agile. You are very restless and you get bored easily. Unless you receive constant mental stimulation, you become extremely nervous and begin to act in an unstable manner. You are probably a good student because of your natural inquisitiveness. You also love to travel. Your learning tends to be superficial, though, because you have a relatively short attention span. Try to develop the mental discipline to finish

what you start. Also, you tend to talk on at times seemingly just to fill space -- make sure that your conversation has some substance to it or others will start avoiding you.

Venus is in 16 Degrees Cancer.

You like to be very close to other people. You need emotional support yourself and are willing to give it to others. When you feel unloved and insecure, you can be very jealous and possessive. You are not interested in casual or superficial relationships -- only deep emotional involvements interest you. Your faithful devotion is one of your greatest gifts, but be careful not to become too dependent on others. Learn to stand on your own two feet and demand your own rights once in a while.

Mars is in 03 Degrees Cancer.

Your moods are very important to your overall well-being. You are confident and self-assertive when you are feeling upbeat, and you are retiring, irritable and grumpy when you get depressed about anything. Very sensitive, you wear your heart on your sleeve. You are easily angered whenever you think someone has slighted you. It is best for you to show your anger immediately and let it all out, rather than to try to hold it in or to hold grudges for a long time. You're extremely loyal and defensive of your family, neighborhood, community and culture.

Jupiter is in 08 Degrees Leo.

You must be proud of all that you do in order to grow and develop. You enjoy being totally honest and above-board and you revel in the admiration and respect you receive from others due to your high-minded, upright way of life. Make sure, though, that your natural tendency to boast and show off is based on your actual accomplishments. Don't fall prey to self-exaggeration or arrogance. You truly do like outrageous spectacles and grand jolly times and will go out of your way to make them a reality.

Saturn is in 07 Degrees Aries.

You are aloof, independent and standoffish. This is mainly due to your fear that others might inhibit or restrict you and, quite frankly, you feel that you can govern your life by your own standards. Be careful not to associate with those who are overly critical of you or you will withdraw so deeply into your shell that you will become very lonely. You have the ability to stand on your own two feet and to make up your own mind -- albeit very carefully and cautiously. But you are known for your circumspection and therefore are respected and admired.

Uranus is in 16 Degrees Capricorn.

You, and your peer group as well, seek out practical solutions to a changing society's attitudes to customs, traditions and authority structures. Your logical and orderly manner of dealing with these matters will result in permanent and carefully planned, but sweeping, reforms.

Neptune is in 13 Degrees Cancer.

You, and your entire generation, tend to overidealize the home, the past and other traditional values. This fosters isolationism and protectionism in the political sense. One's zeal to bring one's own racial or cultural heritage to the forefront may become subject to the same excesses as those of the ultranationalist movements of the 1920's through the 1940's, unless the rights of individuals and dissidents are fiercely protected as well.

N. Node is in 05 Degrees Cancer.

You genuinely enjoy meeting other people, but you're at your best if you can do so from the comfort of your own home. You prefer others to come to you and tend to feel uncomfortable about leaving your home or neighborhood for any extended period of time. Those who do come in contact with you are struck by your caring and obliging nature -- you really make them feel at home. You form the closest ties, however, with members of your immediate family, especially your parents and children. You're at your best attending or organizing family reunions!
