Rising Sign is in 10 Degrees Scorpio

You tend to be quiet, reserved, secretive and, at times, quite difficult to understand. Others notice your deep emotions and feelings and wonder how to draw you out. Stubborn and tough, you fight for any position you believe in. You are very resourceful and formidable when you become angered or upset about something. You enjoy living life at the cutting edge -- for you life must be experienced intensely and totally. Quite courageous, you are willing to take calculated risks. Easily hurt by others, you often strike back with bitter sarcasm. Sensitive and curious, you are concerned with the deeper mysteries of human psychology. Once you have become interested in any subject, you pursue it with total fanaticism.

Sun is in 09 Degrees Libra.

Very sociable, you enjoy being with others and definitely prefer not be alone. Warm and affectionate, you go out of your way to make others like you. You despise ugliness, for you being surrounded by beauty and harmony is a necessity of life. You prefer fine clothing, an attractive home and pleasant surroundings wherever you are. Your refined tastes apply to music and to art as well. At times, you are very indecisive you waver and falter when forced to make a choice because you have the ability to see both sides of any question. The positive part of this is that you are very fair-minded and can be trusted to settle disputes. Your greatest challenge is to take any one-on-one encounter and make the most of it.

Moon is in 01 Degrees Gemini.

Restless in the extreme, you are easily bored because of your short attention span. Your emotions change rapidly and you love to talk about your feelings. Generally, you have good judgment -- your intellect controls your emotions and you do not overreact emotionally to things. A good jack-of-all-trades, you have many-sided interests and enjoy reasoning things through. With your mental agility and need for physical mobility, you are attracted to traveling and learning about other peoples and cultures. You have vivid powers of emotional self-expression - - you can be a nonstop talker. You love to share your ideas with anyone who will listen.

Mercury is in 03 Degrees Libra.

You are known for not jumping to conclusions about things. You tend to weigh all possible choices very carefully before making a decision. When in the slightest amount of doubt, you will compromise rather than ruffle any feathers. You are a true raconteur of culture and taste -- your ideas and opinions are neat, elegant and refined. A born diplomat, you dislike discord so much that you will go out of your way to make others feel comfortable and

at ease. You speak softly and pleasantly.

Venus is in 25 Degrees Scorpio.

Your feelings about others are deep, powerful, intense and complex. When you like someone, you do so totally and obsessively if you do not like someone, they do not exist. Your faithfulness and loyalty to your lover is unquestioned, indeed at times it is too much so -- you get so possessive that you almost smother your partner. At times, your feelings are kept deep within you and, because they are so complex and intense, they frighten you -- this is the way that you try to ignore them. But the more you try to do this, the more explosive things get when you eventually do express them.

Mars is in 05 Degrees Capricorn.

Extremely ambitious, you are willing to work very hard to reach the goals you have set for yourself. Very practical, cautious and conservative, you demand tangible results for your efforts. You need to excel in whatever you do, and you have the required sense of responsibility, dedication and self-discipline to bring it about. Beware of your tendency to judge others only by their degree of status and prestige, or by how well they will be able to advance you in your climb to the top.

Jupiter is in 02 Degrees Aquarius.

Your personal growth occurs when you have the freedom to do things in new and interesting ways -- this brings out your natural inventiveness. You are an individualist, but you are also attracted to mass movements that emphasize social betterment and you will devote much time and energy to their efforts. Very fair-minded and objective, you have extraordinary skills at organization and administration.

Saturn is in 11 Degrees Virgo.

Your life must be orderly and practical and full of known and familiar routines in order for you to feel comfortable with yourself. Be careful, however, not to let "order" become the be-all and end-all of your life, or you may become cold, crass and unfeeling. Doing useful, practical things boosts your self-esteem. Abstract concepts and reasoning seem frivolous and a waste of time to you. You are very critical of yourself (and others), indeed at times quite self-deprecating. Try to relax a bit and allow yourself the freedom to fail once in a while. However, you probably won't fail very often because you are such a perfectionist.

Uranus is in 25 Degrees Libra.

You, as well as your entire peer group, have a very free, unstable and unconventional approach to relationships and emotional commitments. You will be attracted to experiments in marriage and shared lifestyles. Personal freedom is more important to you than entangling emotional bonds. In the realm of art and aesthetics, you are attracted to the bizarre, shocking and unusual.

Neptune is in 06 Degrees Gemini.

You, and your entire generation, are attracted to various types of mystical and abstract literature and philosophy. You are interested in broadening your intellectual and spiritual horizons. But beware of a tendency toward mere dabbling -- there may come a time when you will have to take a stand. The desire to immerse yourself in metaphysical speculations may stem from a fear of involvement in the gritty necessities of the mundane world.

N. Node is in 17 Degrees Gemini.

You will consciously seek out many different contacts with others throughout your life. Many of these will be of very short duration, not necessarily because you're fickle, but just because you always seem to be more excited by the prospect of meeting someone new rather than prolonging your present relationships. At any rate, you will learn something new from almost everyone you come across -- intellectual stimulation is what you crave from others. You will be well known to neighbors and relatives, partly due to your curiosity about what they're doing -- you delight in keeping up-to-date about the latest news (and gossip).
