Rising Sign is in 10 Degrees Libra

Very attractive and popular, your charm helps you to get your own way and prevents others from getting angry with you. "Peace and harmony at all costs" is your battle cry. You always try to ameliorate or to cosmetically hide any physical ugliness or any angry feelings between people. Flashy, but not gaudy, you prefer to dress elegantly. You generally have good taste in music, art and literature. Beware of the tendency to compromise yourself in your attempt to be agreeable at all times. A bit of a social butterfly, at times you can be vain and lazy. For the most part, however, you are gracious and affectionate, and your refined and aristocratic demeanor serves as a role model to others.

Sun is in 12 Degrees Leo.

More than a bit of a showoff, you love to be the center of attention! But others do not usually mind because they tend to enjoy your genuine warmth and affection. Very spirited and willful, proud and self-important at times, you demand your own way. You are quite honest, however, and the respect of others is very important to you. You never compromise yourself and you pursue your goals with persistence and dedication. Your regal presence and demeanor draws you to positions of leadership and authority. But beware of being overly hardheaded, domineering, ostentatious or patronizing or you will lose the goodwill and admiration that you enjoy. Very theatrical, you live life on a grand scale wherever and whenever possible. Your strength and energy vitalizes those who come in contact with you.

Moon is in 21 Degrees Capricorn.

You are serious and shy and very uncomfortable in those situations where spontaneous and exuberant emotional reactions seem called for. An achiever, you prefer doing practical, worthwhile things that produce tangible results. You need role models to respect, love and emulate. You tend to feel that you're a failure unless you get an important and highly respected position in life. Don't be so hard on yourself! For you, practical needs always win out over emotional considerations. Remember that you too have the right to comfort, security and love. Dutiful and patient, when you make an emotional commitment, you sign on for the long haul -- your love is long- enduring.

Mercury is in 23 Degrees Leo.

You are usually quite convinced that your own ideas are correct and you enjoy persuading others that they are. At times, you are very stubborn and proud of your beliefs and principles, and you get very defensive when they are challenged. You appreciate truth and honesty -- you practice it yourself and expect it in others. You have good talent for organizing, directing and planning. You delight in being asked for your advice and counsel.

Venus is in 24 Degrees Virgo.

You express your love and affection through selfless service to people or causes. You have a tendency to underestimate yourself and doubt your self-worth. This is very demeaning and should be avoided -- learn to love yourself as well as you do others. Your standards of perfection are very high -- you are attracted to relationships based on duty and responsibility. You are supercritical of yourself and others and, at times, prefer to be alone rather than deal with any imperfections in yourself or in those with whom you might relate.

Mars is in 29 Degrees Libra.

You are very aware of the need to cooperate with others in order to further any effort. You are usually willing to compromise with others, although you can be quite competitive in a friendly way. Very fair-minded and impartial, you have the ability to sense injustice and the desire to take corrective actions to make proper compensations. You see both sides of issues and questions, but you tend to be undecided or wavering when forced to make choices that might make you vulnerable or unpopular.

Jupiter is in 22 Degrees Pisces.

You are at your best when you give of yourself and what you have -- try to avoid being a martyr about it, though. You're a true idealist, but you must learn not to be upset when life does not cooperate with the way you think things should be. Very concerned with spiritual truth and growth, when you practice what you preach, you make an excellent role model for others. You are so devoted to altruistic ventures and concerns that you tire easily at times. It then becomes necessary for you to go off by yourself to recharge your batteries.

Saturn is in 05 Degrees Aquarius.

Your personal sense of values is a reflection of the value structures of your peer group and of those you respect and admire. Try to be more critical in your acceptance of these values -- you tend to prejudge the abilities of those you trust and then follow what they say blindly. Basically very conservative, you prefer orderly, systematic changes and fear doing things rashly or impulsively. Ideas and philosophies must have some sort of immediately realizable, utilitarian function in order for you to pay any attention to them.

Uranus is in 21 Degrees Sagittarius.

You, and most of your peers, have the tendency to think that all ideas, customs and traditions from the past are outmoded and irrelevant. You are attracted to radically new ideas, philosophies and religions that will, hopefully, cause sweeping changes throughout the world.

Neptune is in 04 Degrees Cancer.

You, and your entire generation, tend to overidealize the home, the past and other traditional values. This fosters isolationism and protectionism in the political sense. One's zeal to bring one's own racial or cultural heritage to the forefront may become subject to the same excesses as those of the ultranationalist movements of the 1920's through the 1940's, unless the rights of individuals and dissidents are fiercely protected as well.

Pluto is in 20 Degrees Gemini.

For your entire generation, this is a period of far-reaching and profound breakthroughs in the ability of people to communicate with each other. During one such period, at the turn of the Twentieth Century, the appearance of the telephone, the automobile and air travel ushered in the global village.

N. Node is in 08 Degrees Libra.

You find it very difficult to be comfortable being alone -- you would much prefer to be in an environment where many people are working together toward common goals. Your charming and sincere approach to others assures your popularity -- you have the gift of being able to ease tensions just by your mere presence. You're the perfect "team player" willing to sacrifice your own importance so that the group goal can be accomplished. Be careful, however, not to become overly dependent on your interactions with others -- you have personal private needs that should not be neglected.
