Rising Sign is in 19 Degrees Aries

You are a free spirit and you must be first at everything you do. Very energetic, self-assertive and active, things must be done your way. Even though you may feel calm and serene on the inside, you certainly do not act that way. You want to do everything full-tilt, 100 miles per hour! A great competitor, but a poor cooperater -- you must learn how to lose more gracefully. Very self-confident, ambitious and passionate, you radiate positive energy. You are blunt and direct, but at times unfeeling and tactless, especially if anyone offers you any resistance. You fight for your beliefs, but your tendency to act first and think later often causes you much grief.

Sun is in 14 Degrees Capricorn.

Extremely serious and mature, you are capable of accepting responsibilities and do so willingly. Others expect you to be dutiful as a matter of course. You tend to get angry when people get rewards after not having worked anywhere near as hard as you. You are goal-oriented and an achiever by nature -- you're a hard worker and are justifiably proud of the tangible results of your efforts. You tend to have "tunnel-vision" -- this allows you to block out extraneous matters that might distract others and to concentrate totally on the matter at hand. As such, you are the ideal one to manage or administrate any ongoing project and to be practical and efficient at it. You are not a fast worker, but you are quite thorough. You are known for being totally persistent, tenacious and tireless in reaching your goals.

Moon is in 27 Degrees Aries.

High-spirited and courageous, you are a fighter when your emotions are aroused. The degree of force and drive that you can bring to any effort sometimes surprises others. You have hair-trigger reactions to specific stimuli and tend to "let it all hang out." You sometimes act before you think and do things on the spur of the moment, and that sometimes gets you into trouble. Your moods change quickly -- you have quite a temper, but you don't hold grudges. Very independent, with an extremely strong and forceful personality, you are known for being impulsive, careless, reckless, foolhardy, rash and daring.

Mercury is in 02 Degrees Capricorn.

You are a careful thinker, very cautious and conservative. You are quite skillful at organizing, directing and planning activities. Practical and useful things interest you -- you are not attracted to abstract thoughts or ideas. With your tendency to be highly focused and very goal-oriented, you have a good head for business. But beware of a tendency to be narrow-minded and dogmatic. Your sense of humor tends toward being earthy and slapstick crude.

Venus is in 05 Degrees Capricorn.

You tend to keep your feelings under control -- emotions are only released in serious or important situations. You are distrustful of others whose behavior could be judged excessive or immoderate. As such, you prefer to relate only to those who are older than you or to those whose position is such that respect and duty are more important for both of you than passion or emotional response. Be careful, however, of relationships that are merely based on practicality or utility or you will ultimately be lonely.

Mars is in 14 Degrees Cancer.

Your moods are very important to your overall well-being. You are confident and self-assertive when you are feeling upbeat, and you are retiring, irritable and grumpy when you get depressed about anything. Very sensitive, you wear your heart on your sleeve. You are easily angered whenever you think someone has slighted you. It is best for you to show your anger immediately and let it all out, rather than to try to hold it in or to hold grudges for a long time. You're extremely loyal and defensive of your family, neighborhood, community and culture.

Jupiter is in 26 Degrees Capricorn.

You tend to feel that the only results that are worthwhile are the results that are concrete and demonstrable. You distrust abstract solutions and appreciate measurable achievements. An excellent organizer and planner, you are optimistic as well as practical and realistic about what can and what cannot happen. Very responsible, you consider it a personal weakness to be wrong about anything. This makes you appropriately cautious. You are very efficient but you tend to be cool and detached.

Saturn is in 12 Degrees Gemini.

You are such a clear thinker and speaker, with a logical orderly mind, that you are repulsed by abstract, intangible or unorganized thoughts or ideas. But you tend to get uptight about speaking in public because you are afraid to be wrong. Remember that the best way to learn is by making mistakes. Also, you will be so carefully prepared that you probably will not make many mistakes anyway. To be interesting to you, ideas have to be practical and useful.

Uranus is in 06 Degrees Aquarius.

You, and most of your peer group as well, are reformers at heart. You want to make positive changes that will benefit society as a whole. You are willing to devote your time and energy to see that they come about, especially if the proper group support and combined purpose of will can be found. Be careful that your devotion to group goals does not produce too much friction or neglect in your own interpersonal one-on-one relationships.

N. Node is in 17 Degrees Pisces.

You're attracted to others who need your assistance. You seem to go out of your way to form relationships with those who are weak, sick, injured, addicted or troubled in some way or other. At your best you can indeed provide the relief that others need. But at times you can be victimized by those who would prey on your good nature and take advantage of you. This can lead to all sorts of negative situations -- make sure that those you assist are truly worthy of your time, energy and commitment. A little enlightened self-protectiveness on your part can make your life work much, much smoother!
