SPECIAL OUIJA ISSUE!

THIS newsletter is all about the Talking Board and it includes a FREE talking board in the center! Over the years, the rights to the Ouija board have passed through several Corporations. The name "Ouija" is a Trade-Marked brand name, but as with other such world famous Trade-Marks like Xerox, Kleenex, Band-Aid, and even Linoleum, Dumpster, and Bubble Wrap (did you know those last three even were brand names?), the word "Ouija" has passed into the language to now mean all talking boards. Today, the original Ouija board is manufactured and sold by toy giant Hasbro. At present, they do not sell a "classic" style Ouija board, but as owners of the famed Trade-Mark name they recently gave rights to the original design to game company Winning Moves, so they now make the "classic" board and they even make it out of wood!

Many people find the Bible difficult to read. I'll go you one better. I found a Bible that's *IMPOSSIBLE* to read! This Bible is on a key ring, so you see how teeny it is. But the print is even *teenier!* I could barely read it with a magnifying glass. And it isn't even the *whole* Bible! But I think they're cute as all get out. I have them if you want them! Email me at asktarot@earthlink.net to get YOURS for only $7.99 each TOTAL!
